FilterWall™ Series

Whole House Water Filtration System Solutions

Puretec®
PERFECTING WATER

MAINS WATER

Introducing the FilterWall™ Series

A range of whole house water filtration systems to treat all mains water across your home.

Transform your water with the Puretec **FilterWall™ F Series**, a 3 stage free-standing filtration system designed to be installed along your fence or the side of your house, and provide filtered water for the whole house.

Prioritise the health of your family with reduced chlorine in your water by up to 98% to ensure you have clean, great-tasting water from every tap. Experience the benefits of softer hair, less irritated skin, softer laundry, protected appliances, healthier plants and help the environment with less plastic waste.

Available in two different sizes and cartridge configurations to meet the flow rate and needs of your home, the FilterWall™ F aluminium cover is available in five core colours, and five custom colours (F5 & F6 models only) to match the palette of your home.

Save space with the **FilterWall™ IM2 Series,** a semi-recessed, in-wall dual filtration system to deliver filtered water to every tap across the whole house with reduced chlorine and sediment. All without impacting the clean lines of your home. Available in four colours to blend with your home (AU only).

FilterWall™ IM2

An in-wall filtration solution designed to provide filtered water to your entire home.

FILTERWALL-IM2 20 INCH
1st: Fine Sediment Cartridge
2nd: Chlorine Taste & Odour Cartridge

The FilterWall™ IM2 is an Australian first, semi-recessed, dual stage whole house filtration system combining style and function. The system is installed after your mains water connection, meaning all water is filtered before it enters your home to drink and bathe in.

The lockable cabinet has been designed to protect the filter from harsh weather, while also providing a stylish finish. A must have for any new-build home.

The FilterWall™ IM2 is available in four* modern colours, Night Sky®, Monument®, Windspray® & Surfmist®, to fit the colour palette of your home.

***New Zealand:** FilterWall™ IMF2 - only available in Stone White. Additional 50mm frame within the unit specifically designed for garage installations.
